MEMORANDUM FOR: Associate Deputy Director for Administration
FROM : Bruce T. Johnson
Director of Data Processing
SUBJECT : Presentation to ODP Conference

Danny:

1. Thank you for spending an evening with your ODP friends at our annual conference. Your overview of the problems and issues facing the DDA gave us a better appreciation of just how well off we are. And I think you convinced most of us in the gym that the ADDA's job is more hard work than glamour. We certainly feel comfortable knowing you are serving in that position.

2. It was a good session, marked by your usual candor. We learned a lot. Thanks again for joining us.

Bruce T. Johnson
